INTERNSHIP

Web Developer Intern Bhavana Digital Academy

05/2023 - 12/2023

Hyderabad Telangana

Tasks

- Designed and crafted visually engaging user interfaces for the company's website, ensuring seamless navigation and responsive layouts
- Collaborated with cross-functional teams to translate design concepts into interactive web pages using HTML, CSS, and JavaScript.
- Enhanced user experiences through these design and development efforts.

PROJECTS

Notebook (11/2023 - 12/2023)

- Created a Cloud Notebook, an online, cloud-based application for note-taking, document storage, and access via the internet.
- Developed the application using the MERN stack (MongoDB, Express, React, Node.js), enabling real-time collaboration, responsive UI, and secure authentication.
- Implemented a dynamic frontend using React for an interactive user interface. Synchronized data using MongoDB to ensure seamless access to notes and documents.
- <https://rupaliverma1019.github.io/inoteFrontend/>

Restaurants Feedback System (12/2023 - 01/2024)

- Created a web-based feedback platform for restaurant experiences using HTML, CSS, and JavaScript
- Utilized PHP and MySQL to store the feedback and ratings data in a database for easy retrieval and analysis.
- Implemented a feature to display the collected data for restaurant owners and users to review, enabling them to improve service quality
